

APCC Membership Benefits

“Our mission is to foster and promote the professional standards of compliance consultants, within the financial services industry to enable our two, principal stakeholders (members and regulators) to successfully and effectively achieve their objectives.”

The logo features the letters 'APCC' in a blue, sans-serif font, centered between two thick orange diagonal lines that slant outwards from the top towards the bottom corners.

APCC Vision and Values...

Values

In all our dealings we put our members and the regulators at the heart of our purpose, treating them fairly and being proactive. We are committed to our responsibility on behalf of our members and stakeholders. We are a professional and commercial organisation, we value and reward our staff fairly. We want to grow and prosper within and for the UK financial services sector.

Vision

To be successful with an excellent reputation and continue to grow the association for the benefit of the UK Financial Services industry.

APCC

THE ASSOCIATION OF PROFESSIONAL
COMPLIANCE CONSULTANTS

RAISING COMPLIANCE STANDARDS

The recognised trade body for UK Financial Services Compliance Consultants.

The APCC was setup to provide a forum for compliance consultants and the FSA (now FCA) to meet and discuss issues of joint interest. Membership of the APCC is open to compliance consultancy firms who support the APCC's objectives and principles, agree to comply with the APCC Code of Ethics, which include the APCC Professional Standards, and meet its eligibility criteria.

The APCC was formed with the following clear objectives:

1. SET STANDARDS - Promote the professional standards of its members
2. COMMUNICATE - Provide a clear regulatory communications channel
3. PROMOTE - Provide information on services provided by members
4. ACCREDIT - Recognised mark of quality and standards for consultants
5. REPRESENT - Recognised as a Trade Body by all key stakeholders

Our Members...

Our members come from all sectors of the financial services industry and advise over 20,000 regulated firms.

Many firms specialise in a specific sector such as fund management, retail investment intermediaries and wholesale. We have a range of Working Groups who regularly meet with the regulator. These Working Groups include:

Educational	Financial Crime
Apprenticeship	Institutional
Authorisations	Funeral Planning
Claims Management	Culture
Crypto	General Insurance
Principal/AR	Operational Committee

Help the APCC shape its future and contribute to what we deliver
APCC Operational Committee

The Operational Committee is a group of our members, who collectively have the power to influence the workings of the APCC and have an opportunity to act as representatives of the membership working under delegated authority of the Board of Directors.

Our Operational Committee is designed to build expertise and lessen the workload of the full Board of Directors, making decisions and advising the board on matters that do not require full board input. The Panel will typically have a specific role that has been delegated by the main APCC Board of Directors, articulated through a Terms of Reference.

Meetings are held quarterly via Zoom so you don't even have to travel!

Events...

We are now running hybrid events, so you can join us for networking, or join online to hear the content, meet fellow consultants, industry experts and learn the latest updates.

Our members benefit not only from the dialogue we have with industry bodies, but from our regular forums, technical briefings and networking interaction with other members.

- You'll be invited to networking events and forums at prestigious venues.
- You'll hear directly from relevant speakers on topics that affect compliance and consultants.
- You'll be able to count on a discount of at least 20% on ticket prices.

With various sector specific Workshops throughout the year, the APCC focus on our two main conferences – Autumn and Spring. These events include key challenges that are on the horizon for the financial services industry as well as APCC updates.
